29 September 1966

MEMORANDUM FOR: Chief, Contracts Management Division, OSA  
SUBJECT: FY 66 Contracts

1. You may note from various documents received from both the COMP/NEO and COMP/DD/S&T that we are severely limited in authorities to adjust amounts of prior year contracts. This restriction applies to both overruns and excesses.

2. As we approach the end of the first quarter FY 67 it is felt that in all probability we should have almost complete cognizance of the status of expenditures and commitments for all FY 66 contracts.

3. Request you review each FY 66 contract and advise as to status of expenditures, commitments and obligations, to include any excesses or shortages, so that adjustments can be made at this time to satisfy all contract requirements.

4. Further request your comment as to probability of submitted figures being the final amounts, or whether you anticipate major or minor variations in the ensuing months.
